

WAIBLINGEN ALLIANCE FOR DEMOCRACY

FOR DEMOCRACY, RULE OF LAW AND HUMAN RIGHTS

Since becoming known of the inhuman plans of right-wing circles and persons all about the federal republic – millions of people have impressively demonstrated for democracy, human rights, diversity and freedom and against right-wing extremism, fascism, racism and anti-semitism.

With the background of the historical experience of National Socialism it is especially in Germany important to commit to the democratic principles of the Rule of law and Human rights and opposing each other against the threat from the right.

It's the concern of the bipartisan alliance for democracy in Waiblingen permanently to show attitude and defend and strengthen democracy, Rule of law and welfare state and Human rights with appropriate means and actions. Therefore private persons, organisations, institutions, churches and religious communions, associations, clubs, companies from Waiblingen have united to a wide civil society alliance to strengthen the democratic and solidarity civil society and confronting the enemies of democracy.

This is what we stand for:

1. We stand against any form of discrimination, especially misogyny, xenophobia, antisemitism and islamophobia.
2. We stand with those who feel threatened
3. We advocate for non-violent and constructive communication, peaceful and non-discriminatory coexistence and we respect our fellow human beings regardless of origin, age, religion, sexual identity.
4. We want to encourage citizens of Waiblingen to get actively involved in democracy and help to shape society.
5. We are showing attitude in life.
